There must be
So many ways to say good bye

I'm breaking up again

But just when I thought
I could hear her voice
It echoes in my head
I'm sorry if i say the wrong things
I'm sorry if you feel
That I dont want you anymore

But how can I believe
Any words that she says to me
When everything comes out wrong?

SHE'S BUILT AND TORN DOWN
ANYONE THAT GETS CLOSE TO HER HEART
To her heart

There must be so many ways to say goodbye
But I guess I didn't think of one this time
So many ways to say good bye
Even if she isnt mine
Im still losing my mind

Shes calling me again
But I was so convinced
I would never hear her voice

Then she says hello
How can you ever be without me?
'cause I can see this happening
All over again
I think I want it to

How can I believe any words
That she says to me
When everything comes out wrong

SHES BUILT AND TORN DOWN
ANYONE THAT GETS CLOSE TO HER HEART

There must be so many ways
To say goodbye
But I guess I didn't think of one this time
So many ways to say goodbye
Even if she isn't mine
I'm still losing my mind

She's built and torn down anyone (2x)
To her heart (2x)
There must be (4x)
So many ways to say goodbye
But I guess I didn't think of one this time
So many ways to say goodbye
Even if she isn't mine
I'm still losing my mind
