tell all my friends i'm dead
i'm leaving you
this time it's for good
tell all my friends that i'm dead
it won't be long before you'll forget my name

can't you tell that im losing myself?
i think im trying too hard to
let it show
to let you know
dont trace your footsteps back to me

ive been gone for a long time
waiting on the sidelines
hoping for a chance to play
well i thought i would never leave anything behind
i also never thought i'd say

tell all my friends im dead
im leaving you
this time its for good
tell all my friends that im dead
it wont be long before you forget my name

can't you tell that i dont know myself?
i need someone to remind me
to let it go
please let me know
dont trace your footsteps back to me

i've been gone for a long time
waiting on the sidelines
hoping for a chance to play
well i thought i would never leave anything behind
i also never thought i'd say

tell all my friends im dead
im leaving you
this time its for good
tell all my friends that im dead
it wont be long before you forget my name

and if i had the chance to do it all again
i wouldnt expect anything less
and if i had the chance to do it all again
i wouldnt expect, i wouldnt expect
any thing less

tell all my friends im dead
im leaving you
this time its for good
tell all my friends that im dead
it wont be long before you forget my name

forget my name
