Your eyes
The blue stare
Surrounds me
They only make you
Stronger, still

Feeling this way
Won't get you anywhere
Feeling this way
Won't get you anywhere

Your hands
They offer me to hold them
Lips kissed
They trick me into showing them
But sure I want to, still

Feeling this way
Won't get you anywhere
Feeling this way
Won't get you anywhere

I'm loud
Well as far as I can tell
Fast times, fast rides, fast cars
Could take me down
To the direction
(To the direction)
The reflection that you bring
I've been scared too long
To show you how I feel

Your eyes
The blue stare
Surrounds me, still

Feeling this way
Won't get you anywhere
Feeling this way
Won't get you anywhere

I'm loud

Well as far as I can tell
Fast times, fast rides, fast cars
Could take me down
To the direction
(To the direction)
The reflection that you bring
I've been scared too long
To show you how I feel

Yea
