It doesn't take much to keep holding someone's hand  
You have to keep your eyes open as wide as you can  
You never know what could come along

Sometimes people think that they are so in love  
When it's the first person that they have ever been with  
I think it's so stupid, it's so stupid

You have to keep your eyes open  
You'll never know if she's right  
If she's right, yeah

It's so amazing how people can be held down  
By just one person that doesn't even care what they  
think  
I know it's so stupid, so stupid

You have to keep your eyes open  
You'll never know if she's right  
If she's right

Yeah, you have to keep your eyes open  
You'll never know if she's right  
If she's right
