Looks like we made it
Look how far we've come my baby
We might've took the long way
But we knew we'd get there some day

They said, I'll bet
They'll never make it
But just look at us holding on
We're still together still going strong

Because you're still the one
Still the one I run to
The one that I belong to(still the one)
Still the one I want for life
You're still the one
Still the one that I love
The only one I dream of(still the one)
Still the one still the one I kiss goodnight

Ain't nothing better
We beat the odds together
Im glad we didn't listen
Look at what we could be missing

They said well I bet
We'll never make it
But just look at us holding on
We're still together still going strong

Because you're still the one
Still the one I run to
The one that I belong to(still the one)
You're still the one I want for life
You're still the one
Still the one that I love
The only one I dream of(still the one)
Still the one still the one I kiss goodnight

You're still the one
Still the one I run to
The one that I belong to(still the one)

You're still the one I want for life
You're still the one
Still the one that I love
The only I dream of (still the one)
Still the one still the one I kiss goodnight
