Lost myself, in a storm
I've been running from a broken heart
I can't find my way home (my way home)

Chasing down the sun
I'm getting tired of getting nowhere
Time to give it up
I need to breathe
To see

You appear and I've got a reason
To kill the feeling I've been believing
So don't run away, don't run away
Tonight

Lost it all, in the end
With the future lying in our hands
How could I let you go, again

Chasing down the sun
I'm getting tired of getting nowhere
Time to give it up
I need to breathe
To see

You appear and I've got a reason
To kill the feeling I've been believing
So don't run away, don't run away
Tonight

Morning comes, the darkness is running
I can see the light of what we're becoming
So don't run away, don't run away
This time

I feel like I'm going crazy
But I know that I'm coming alive
From the one I know can save me
Now is the time

Whoa
Whoa

Chasing down the sun
I'm getting tired

You appear and I've got a reason
To kill the feeling I've been believing
So don't run away, don't run away
Tonight

Morning comes, the darkness is running
I can see the light of what we're becoming
So don't run away, don't run away
This time

Ooh
