In the shade of the fig tree
Find me devoted to You
And as long as I stay there
Favor will find me soon

Here in this place
A brand new world is seen
Oh discover me, God,
And make me whole and clean

Whole and clean

In the shade of the fig tree
Find me devoted to You
And as long as I stay there
Favor will find me soon

Here in this place
A brand new world is seen
Oh discover me, God,
And make me whole and clean

Oh, it's here in this secret place
Where I'll discover a new found grace (discover a new
found grace)
Oh, it's here in this secret place
Where no one will find me
Only you can see my trace

Find me
Under the fig tree
I'll be waiting for You
You give me the coolness of it's shade

To blind me
To the heat of this world
I'll be giving myself as a gift to You, Lord,
Just find me in the shade of the fig tree
