We should talk
That's what you said to me
On the beach
You know the place will be
So here we sit
Together in the sand
I hear you saying
You hope I'll understand
The love you used to feel
You say it's not the same
When I reach for you
You just turn away, oh baby

[Chorus:]

I can't believe it's over
I can't believe you're breaking my heart
I can't believe it's over
Ooh, baby
I can't believe it's over
(I can't believe, I can't believe that you're gone)
It's over
(I can't believe it girl)

Like a wave

You're drifting out to sea
What can I do girl
To bring you back to me
There must be
Something I can say (something I can say)
To change your mind
To make you want to stay

Now you're tellin' me
You found somebody new
You wanna be with him
And that he's good to you
Oh my baby

[Chorus]

I watch you walk away

Disappearing in the dark
You're not coming back
And it's tearing me apart
I said it's tearing me apart

[Chorus and adlib]

I can't believe it's over, damn
