I finally took your pictures off the wall,  
It didn't even help at all,  
You're simply too beautiful.

Got you frozen in a frame inside my mind.  
How can I forget your smile,  
Even for a little while?

They say the time will take this pain away,  
Time will heal these scars you made,  
Time will give me back my heart again.

Do you even know what you do to me,  
How I'm drowning in your memories?  
So what to breath, now that you've gone?

Do you know it rips out the heart of me,  
Everytime I wake up here alone?  
How can I move on?

All I do is miss you more, and more.  
Everyday I miss you more, and more.

I know that I should walk away and close the door,  
But how is that possible  
When you're so beautiful?

And the fire in my heart, it burns so bright.  
If I don't get you back tonight,  
The flames are gonna touch the sky.

They say the time will take this pain away,  
Time will heal these scars you made,  
Time will give me back my heart again.

Do you even know what you do to me,  
How I'm drowning in your memories?  
So what to breath, now that you've gone?

Do you know it rips out the heart of me,  
Everytime I wake up here alone?

How can I move on?

All I do is miss you more, and more.  
Everyday I miss you more, and more.

I hate the way I miss you,  
I wish that I could kiss you,  
But we had crazy issues,  
They kept poppin' up like tissues,  
One after the next,  
Life is so complex,  
Used to waitin' for your text,  
Now I dread what happens next.

Oh damn, I don't understand,  
I thought I was your man,  
Now I messed up all the plans.  
I'd be lyin' if I said I wasn't cryin',  
Miss you more but I'm tryin'  
To miss you less cuz I'm dyin'.

You don't even know what you do to me,  
How I'm drowning in your memories.  
So what to breath, now that you've gone?

You don't know it rips out the heart of me,  
Everytime I wake up here alone.  
How can I move on?

All I do is miss you more, and more.  
Everyday I miss you more, and more, and more.

'Cause everyday I miss you more.
