You're my pop-si-cle
From the very first time I met you, Girl, you captured
me
You're my pop-si-cle
All I know is that you make me feel so fancyfree

Gonna love you for a lifetime
And I know you're gonna love me too
You make me feel, feel so real
And it feels so good, through and through

Sweeter than candy
Better than cake
And everytime we kiss
It feels oh so great

Girl, can't you see?
You're the one, you're the one for me

You're my pop-si-cle
From the very first time I met you, Girl, you captured
me
You're my pop-si-cle
All I know is that you make me feel so fancyfree

When I call you up on my favorite party line
You sound so sweet, Girl. You're blowing my mind
Our love is much better than any other I know
And it keeps on growing, more and more

Girl, can't you see?
You're the one, you're the one for me

You're my pop-si-cle
From the very first time I met you, Girl, you captured
me
You're my pop-si-cle
All I know is that you make me feel so fancyfree

Hey, hey, little girl with your pretty dress on

I've been wanting you to want me for my whole life long
You knock me off my feet, girl, you're a super treat
When I see you in the street you make my heart skip a
beat

You're the one who makes me feel alright
When I look into your eyes, you know you're really out
of sight
I'm for you and you're for me
We could stay together so easily
