Now that weâ€™ve come to an end
You say that you wanna be friends.

Donâ€™t say a word, donâ€™t make a sound,
Donâ€™t keep in touch, donâ€™t come around,
Donâ€™t ask me how Iâ€™m doing now,
Donâ€™t think of me, just fade me out.
Forget about me and Iâ€™ll forget about you.

I canâ€™t pretend that I donâ€™t love you anymore
I canâ€™t be friends cause it hurts like itâ€™s never
hurt before.

Now you think that Iâ€™m cold and I donâ€™t care
about you,
Iâ€™m better without you, couldnâ€™t be further from
the truth.
Girl, Iâ€™m dying, Iâ€™m just trying to survive you.

My scars are still burning since you walked away,
Cause you rip them wide open when I see your face.
Iâ€™m back at square one trying to breathe through
the pain,
You donâ€™t even know what youâ€™re doing to me.
When I get through to life after you?

I canâ€™t pretend that I donâ€™t love you anymore
I canâ€™t be friends cause it hurts like itâ€™s never
hurt before.
Now you think that Iâ€™m cold and I donâ€™t care
about you,
Iâ€™m better without you, couldnâ€™t be further from
the truth.
Girl, Iâ€™m dying, Iâ€™m just trying to survive you.

Now that weâ€™ve come to the end
You say that you wanna be friends.
But I,

I canâ€™t pretend that I donâ€™t love you anymore
I canâ€™t be friends cause it hurts like itâ€™s never
hurt before.

Now you think that I'm cold and I don't care
about you,
I'm better without you, couldn't be further from
the truth.
Girl, I'm dying, I'm just trying to survive you,
I'm just trying to survive you.

We've been all around the world,
It was me and you, done a thing or two.
No matter what lies round there been,
You'll always have my heart.

Gone on like a house on fire,
When all the other things burned out.
We're always taking one step higher
When everybody else went down.
They said we didn't have a chance
They said we'll never make it, now.
Never know what the future holds
All we get is right now.

Let's go out with a bang, let's go out with a
bang,
So there's nothing left behind,
We only have tonight.
Let's go out with a bang, let's go out with a
bang.

Remember that we're only human, everybody
makes mistakes
But there's no use in always being in safe.
Tonight we're gonna go harder, like I never see you
again,
Who knows what the future holds, and if this is the end

Let's go out with a bang, let's go out with a
bang,
So there's nothing left behind,
We only have tonight.
Let's go out with a bang, let's go out with a
bang.

You'll have my heart, no matter what,
There's nothing in this world that can break us up.
This wasn't made with human hands,
It's all part of a bigger plan.
If we keep an open mind, if we dare to look inside
There's no limit to the beauty we can find.

We've been all around the world,
It was me and you, done a thing or two.

No matter what lies round there been,
Youâ€™ always have my heart, but before we part

Letâ€™ s go out with a bang, letâ€™ s go out with a
bang,
So thereâ€™ s nothing left behind,
We only have tonight.
Letâ€™ s go out with a bang, letâ€™ s go out with a
bang.

Youâ€™ ll have my heart no matter what,
Ainâ€™ t nothing in this world that can break us up.
Youâ€™ ll have my heart no matter what,
Ainâ€™ t nothing in this world that can break us up.
Youâ€™ ll have my heart no matter what,
Ainâ€™ t nothing in this world that can break us up.
