Girl, there's more to love than meets the eye
There's more to what I feel inside
And if I told you, would you be my girl
For you I'd travel round the world

Time is on our side, girl, you're my one true love, girl
We've come too far to ever be just friends
Time is on our side, girl, let's show the whole world
Love is the answer and time is our closest friend

If I sent you flowers, would you walk away
Or would it be enough to make you stay?
Even though we're young, girl, one thing's for sure
In time our love will endure

Time is on our side, girl, you're my one true love, girl
We've come too far to ever be just friends
Time is on our side, girl, let's show the whole world
Love is the answer and time is our closest friend

Babe, what would you say, time brings us closer every
day

Time is on our side, girl, you're my one true love, girl
We've come too far to ever be just friends
Time is on our side, girl, let's show the whole world
Love is the answer and time is our closest friend

Time is on our side, girl, you're my one true love, girl
We've come too far to ever be just friends
Time is on our side, girl, let's show the whole world
Time is our closest friend

Time is on our side, girl, you're my one true love, girl
Love is the answer and time is our closest friend
