- I'll take any drug in the whole damn world - If you'll  
only notice me - Mainline poisons by  
the score - Please will you notice me - I'll break any law,  
hurt anybody - For God's sake  
notice me - Cut my wrists and slash my face - For  
Christ's sake notice me

- I'll drink anybody into the ground - If you'll only notice  
me - I'll kick the teeth out of anyone  
here - Come on and notice me - I'll wear the clothes and  
cut my hair - Please will you notice  
me - I'll be a pop star and I'll stand on stage - For God's  
sake notice me

Ch: - Whoever told him that it mattered - Who told him  
that anyone cared - He's got an  
overgrown sense of his own importance - No-one's  
really bothered around here - He was such  
a quiet boy - Never any trouble before, never any  
trouble before

- I'll get a big car and drive like a maniac - Please notice  
me - I'll make a lot of money and  
tread on you - If you'll only notice me - I'll tell you any  
lies you want to hear - For God's sake  
notice me - I'll kill myself while you are watching - For  
Christ's sake notice me
