A change of scene, a change of style
A change of hope with no regrets
A chance to watch, admire the distance
Still occupied, though you forget

Different colors, different shades
Over each mistakes were made
I took the blame

Directionless, so plain to see
A loaded gun won't set you free
So you say

We'll share a drink and step outside
An angry voice and one who cried
I'll give you everything and more
Strain's too much, can't take much more

I've walked on water, run through fire
Can't seem to feel it anymore
Because we're hoping for something more
Hoping for something else

Well, you're seeing me this way
Hoping for something more
With a love gone wrong
