"Gotta Stay High"

I saw your eyes
I had to run away
I fell too deep in love
There were no words to say
Yeah, yeah, yeah
I just ran to get high

One look inside
And I knew right away
I felt too much
I did not have the strength
Yeah, yeah, yeah
I just ran to get high

But lover there's something about you pushing me
Pulling me that's saying don't go away

I saw your eyes
Fell back to yesterday
One lonely child
Until you let me stay
Yeah, yeah yeah
I had no one on my side

Too weak to stand
Too scared to love again
The dam has broke
My soul is spilling all over your hands
Take a look in my eyes
Lover
There's something about your pushing me
Pulling me
That's saying don't go away

I see your eyes
I'll never run away
I fell too deep in love
Got just five words to say
Yeah, yeah, yeah

You just gotta stay high
