(Push it up! Push it up!)  
Put your hands up ? come on (Push it up!)  
Huh ? yeah, this is it, this is it (Push it up!)  
This is it  
I think they got 2 get ready 4 this one here ? come on!  
(Ooh, everybody's here) Say what?  
(This is the jam of the year)  
Huh, what did I hear? (Push it up! Push it up!)  
Uh, wasn't quite clear  
(Ooh, everybody's here) Say what?  
(This is the jam of the year)  
Oh, huh - I hear ya, huh (Push it up! Push it up!)  
Come on, uh

If U're ever down draggin' on the ground  
Face twisted with a funky frown  
Let me turn U on 2 somethin' that I found  
2 make U feel good, feel good

Negativity like gravity  
Gotcha fallin' fast from reality  
U gotta get up, put up, move up  
And just do what U should, U should

Realize that U are somebody  
Come on, y'all, and join the party  
Everybody grab a body  
And feel good, U should?

CHORUS:

Push it up - push it up - push it up - push it up  
(Ooh, everybody's here - this is the jam of the year)  
(Push it up! Push it up!)  
Push it up - push it up - push it up - push it up  
(Ooh, everybody's here - this is the jam of the year)  
(Push it up! Push it up!)

Push it up, push it up 2 the sky  
U don't have 2 have a plane 2 fly  
If U listen 2 the truth and not the lie  
Stop cryin', cryin'

In harmony, can't U see  
Every color all in the same key  
And that's the way Jah wants us 2 be  
Start tryin', a-tryin'

Realize that U are somebody  
Come on, y'all, and join the party  
Everybody grab a body  
And feel good, U should?

#### CHORUS

Come on - wake up your body, wake up your body  
Wake up your body and move it around ? come on  
Yeah, huh  
Where the party at in here, y'all?  
Where the party goin' down in here? Uh

Now I wanna know who's ready 2 show me  
Get on down with the one and only party ambassador  
Flip styles like a spatula mac-tacula  
More Legend than a new Acura  
Body tone stone while I rap 2 her  
Capture her thinkin' I'm a mac 2 her  
Just because I'm attracted 2 her  
But the fact of the matter is the dance floor's phatter  
The crowd's on fire as we push it up higher

Push it up! - come on, y'all  
Push it up! - put your hands in the air  
Push it up! - come on, y'all  
Push it up! - while The Artist turn it up, come - uh!  
Yeah, huh  
Break it on down (Push it, push it up!)  
Huh

This is the jam, this is the jam, this is the jam of the  
year {x2}  
Push it up {x12}  
Everybody grab a body, everybody push it up {x2}  
On and on till the early morn' - push it up  
Push it up {x7}
