(Push it up! Push it up!)
Put your hands up " come on (Push it up!)
Huh " yeah, this is it, this is it (Push it up!)
This is it
I think they got 2 get ready 4 this one here " come
on!
(Ooh, everybody's here) Say what?
(This is the jam of the year)
Huh, what did I hear? (Push it up! Push it up!)
Uh, wasn't quite clear
(Ooh, everybody's here) Say what?
(This is the jam of the year)
Oh, huh - I hear ya, huh (Push it up! Push it up!)
Come on, uh

If U're ever down draggin' on the ground
Face twisted with a funky frown
Let me turn U on 2 somethin' that I found
2 make U feel good, feel good

Negativity like gravity
Gotcha fallin' fast from reality
U gotta get up, put up, move up
And just do what U should, U should

Realize that U are somebody
Come on, y'all, and join the party
Everybody grab a body
And feel good, U should!

CHORUS:

Push it up - push it up - push it up - push it up
(Ooh, everybody's here - this is the jam of the year)
(Push it up! Push it up!)
Push it up - push it up - push it up - push it up
(Ooh, everybody's here - this is the jam of the year)
(Push it up! Push it up!)

Push it up, push it up 2 the sky
U don't have 2 have a plane 2 fly
If U listen 2 the truth and not the lie
Stop cryin', cryin'

In harmony, can't U see
Every color all in the same key
And that's the way Jah wants us 2 be
Start tryin', a-tryin'

Realize that U are somebody
Come on, y'all, and join the party
Everybody grab a body
And feel good, U shouldâ€¦

CHORUS

Come on - wake up your body, wake up your body
Wake up your body and move it around â€œ come on
Yeah, huh
Where the party at in here, y'all?
Where the party goin' down in here? Uh

Now I wanna know who's ready 2 show me
Get on down with the one and only party ambassador
Flip styles like a spatula mac-tacula
More Legend than a new Acura
Body tone stone while I rap 2 her
Capture her thinkin' I'm a mac 2 her
Just because I'm attracted 2 her
But the fact of the matter is the dance floor's phatter
The crowd's on fire as we push it up higher

Push it up! - come on, y'all
Push it up! - put your hands in the air
Push it up! - come on, y'all
Push it up! - while The Artist turn it up, come - uh!
Yeah, huh
Break it on down (Push it, push it up!)
Huh

This is the jam, this is the jam, this is the jam of the
year {x2}
Push it up {x12}
Everybody grab a body, everybody push it up {x2}
On and on till the early morn' - push it up
Push it up {x7}
