Ugh

Its them island boys puttin it down

What you think you kno about this

Apparently not enough

So you better hit rewind

Ugh

[Chorus]

Make'Em Hit Rewind more then 55 times in my Rhyme

Presentation One of a Kind

Hit rewind more then 55 times in my rhyme

Presentation One of a kind

[Pancho Villa]

Make'em hit rewind more then 55 times

I got 55 rhymes that'll blow 55 minds

55 gurls all 55 fine

55 thousand miles on my candy Nine 2 Nine

Always on the grind in my rhyme

55 styles im versitile Lifestyl's on the klime

time is blind bank roll Ching Ching

Money you gone bring

All about the green all about the feria

Causin mass hysteria salty water takin on your area

Oh, you dont know, its the jefe Pancho

Rate this numer uno lets go take a mundo

No we aint a pissaple but its no principal

Show us resect becuz the girls are on our genitals

They like my dental they like my temple

They say my flow is monumental when I touch the
instrumental

Ugh

[Chorus]X2

[Tommy G]

As I see it Let me Explain

Graphic scene scenario to me

I like to rent the fine freak when at night go gleence

Takin runs and restins if it was just my last
To much to put away cant forget my horrible past
Evil deeds selfish leads what was I left to do
Misunderstood from the beginnin labeled foul mouthed
fool
Roads traveled not pleasant so called friends turned
fake
Dedicate to salty water too much money at stake
Started trippin leanin dippin no one left to kall home
Place up shop with my product streets I steadily roam
Ur press and manifest now I speak out loud
To get away but puro mucho keep my heads in the
clouds
European gleamin figure larger bigger and great
No more chances Fuck em all to much money to make
What?
To much money to make
No more chances Fuck em all to much money to make
And I

[Chorus]

Uggghhh Rewind
Hit Rewind Baby
