It's the ridaz
Yeah
I'm looking for this special girl
A super woman

Dear lord
On my knees can you hear my pray? (My pray)
Is she really out there? I need to know
Cause my whole life
I searched the whole world
Looking for this special girl

Dear lord
On my knees can you hear my pray? (My pray)
Is he really out there? I need to know
Cause my whole life
I searched the whole world
Let me be your special girl

Can't wait to see your face and the way that you smile
The one I hold tight when your days are down
If you need a soldier, you can count on me
That's the kind of man that I wanna be
Are you out there? Let me know
I searched the whole wide world
Until I find that someone
My special girl
If you know you are
Just make your self seen
I need that super woman
That only exists in my dreams
Keep you warm in clothes
Kiss from your head to your toes
As our feelings keep growing
And we never get old
Take a chance with my love
Baby I want you so bad
Cause real love is something that I never had
I know I'll find you someday
My heart will never give up
Soon we'll be together and no longer apart
Tell the day that comes

I'll be searching for you
Just remember pretty girl
This rider loves you

Dear lord
On my knees can you hear my pray? (My pray)
Is she really out there? I need to know
Cause my whole life
I searched the whole world
Looking for this special girl

Dear lord
On my knees can you hear my pray? (My pray)
Is he really out there? I need to know
Cause my whole life
I searched the whole world
Let me be your special girl

I need someone who's gon' be there for me
A real woman who understands and loves and respects
a man
And oh sometimes that I can't be at home
I'll never lie and deceive you
Always trust in blue
Are you really out there? I need to know
I'm tired of the lonely nights
Cause all I want is a happy home
And to see you and me smiling
For the whole world to see
Cause all I really need

Someone who's gonna ride for me
No matter the situation that we facin'
You'll be my side
Ready to lay it all on the line
All I'm asking for is your love and affection
Your hugs and kisses just to know when you miss me
when I'm gone
And when I need you the most
You're just a phone call away
My best friend on the other
And telling me everything will be okay

Dear lord
On my knees can you hear my pray? (My pray)
Is she really out there? I need to know
Cause my whole life
I searched the whole world
Looking for this special girl

Is he really out there? I need to know

I've been sittin' and waitin' here all alone
Turn my dreams into reality
Lord I've been waiting patiently
Someone to hold me when I'm afraid
To protect me and comfort me everyday
To stand by me and believe in me
Forever on my knees I pray (I pray)

Dear lord
On my knees can you hear my pray? (My pray)
Is she really out there? I need to know
Cause my whole life
I searched the whole world
Looking for this special girl

Dear lord
On my knees can you hear my pray? (My pray)
Is he really out there? I need to know
Cause my whole life
I searched the whole world
Let me be your special girl

Yeah, lord
Just help me find her
(You're my special girl)
I know you're out there
(The only one I want in my life)
