(Talking In The Background)

Gotta feeling that your holding back,
And to wrap, something your not telling me.
And baby I can feel the tension when we're skin to skin,
And in our sexuality (So whatcha wanna do?)

I know you gotta secret,
And I know that you don't wanna keep it,
But you know i'm gonna see that you need it.
But you don't hafta be discrete.

It's alright to play around (play around),
And I know that your freakin' that your gettin' down.
It's alright to really, in the backseat,
Just as long as your doin' it, with me.
It's alright.

If your gonna break a rule or two, break a few,
You know I love to stare.
And if there's something that you want to try, I won't
ask why,
'Cause you free to be a man (So whatcha wanna do?)

I know you gotta secret,
And I know that you don't wanna keep it,
But you know i'm gonna see that you need it.
But you don't hafta be discrete.

It's alright to play around (play around),
And I know that your freakin' that your gettin' down.
It's alright to really, in the backseat,
Just as long as your doin' it, with me.
It's alright.

So do you like it rough when we're doin' it?
You need to know when push comes to shove, I love it..
TOO!
And there's no need to hide but if you can take a
disguise,
With ambitions aside, you can get what you like!

It's alright to play around (play around),
And I know that your freakin' that your gettin' down.
It's alright to really, in the backseat,
Just as long as your doin' it, with me.
It's alright.

I know you gotta secret,
And I know that you don't wanna keep it,
But you know i'm gonna see that you need it.
But you don't hafta be discrete.

It's alright to play around (play around),
And I know that your freakin' that your gettin' down.
It's alright to really, in the backseat,
Just as long as your doin' it, with me.
It's alright. (Times Three)
