Stumbled on this country bar
I don't know the language here
Well, I'm just a city boy out to have a beer
I don't own no cowboy clothes
I don't know how to docie-doe
I haven't even seen a rodeo
So, honey, can you help me
CHORUS

Dance with me, cowgirl
Well show me what I'm doing wrong
Dance with me, cowgirl
Dance with me, cowgirl
Well get me through this country song

Dance with me, cowgirl, all night long
You gotta show me just what to do
How to kick and yell "Yahoo"
Spit tobacco like cowboys do
So I can feel at home
Guess I ought to buy a cowboy hat
A pickup truck and stuff like that
Buy a horse and trade in my cat
So I can feel at home
(CHORUS, 2x)
Come on and help me dance
