Made love all summer
Swindlers of the abyss
Never one bummer
Rock and roll, kiss, kiss, kiss

It's the end of the summer
Ooh, it's the end of the summer

Now words are murdered
In a circus of solitude
Everything's shuddered
And I can't get out of this groove

It's the end of the summer
Ooh, it's the end of the summer
Ooh

The madness of silence
That's what music is
Escape from the violence
Oh, this is where the void begins

It's the end of the summer
Ooh, it's the end of the summer, lover

Love here is murder
Everywhere else, it's suicide
To be, is to be cornered
Girl, we can't even go outside

Regrets lose their luster
In a carnival of time
And all you can muster
Bordering on soup line

It's the end of the summer
Ooh, it's the end of the summer
(My lover)
It's the end of the summer
Ooh, it's the end of the summer, lover, summer
Ooh, it's the end of the summer, lover
