A-one, a-two
A-one, two, three, four
Let's go

Go to the block, it's Friday night
I'm wanna dig my baby, I'm so excited
The way she move is outta sight
And always ready to ignite

Yeah, we go round and round and round and round
And round and round we go
Round and round and round and round
And round and round we go, yeah

Put this record on a record machine
She's gonna spin it like a dancing queen, she go
Round and round and round and round
And round and round, she goes

Are you a sugar, baby, I'll say
A-turning like figure eight
She like to listen to the tambourine

Round and round like a Ferris wheel
Rocking off a junior reel
You should feel the way she feel
A-dancing backward in high heels

Yeah, she go round and round and round and round
And round and round she goes
Round and round and round and round
And round and round we go

Put this record on a record machine
She's gonna spin it like a dancing queen, she goes
Round and round and round and round
Round and round she goes

Put this record on a record machine
She's gonna dance it like a crazy queen
She go round and round and round and round
Round and round she goes

Round and round, don't never end
A-rock 'n roll with all her friends
The way she stomp that all depends
A-she includes then transcends

So put this record on a record machine
And she start dancin' like a crazy queen
She go round and round and round and round
Round and round she goes

I'll put this record on a record machine
She's gonna spin it like a dancing queen
She go round and round and round and round
Round and round she goes

Round and round, around and round
Round and round she goes
Around and round, come on, baby
You know that, baby, that's what I like
