I see you looking but you trying to act cool, right  
You don't even care what a dude right,  
Prolly wanna pick, prolly want 2 right  
If the girls get ugly and the mood right  
Lil moon light go ahead and let it go  
I don't mean to come across too sexual, oh, oh  
But that's... epic though  
... volcanic, hot lava, burning up, I can serve it up  
Like look I am your father  
Only if you wanna, take a trip in each other waters  
Take this bedroom and turn it into a sauna

She's sending me dreams, a... want that  
She said hey boy, you're drinking too fast  
And we can take it slow, you'll never be alone  
She's telling me... lift me up, all you tonight  
Feel that come, all you tonight  
Get me slow, all you tonight  
All you

If I wanna, I'ma get it, tell the waitress I'm up, quit that  
bullshit, bend that ass down  
... it's a round of applause, I can do it with no hands  
I go hard in the pay, she ain't even gotta change  
Talk about yourself, bring a couple friends  
... in japan,... I'm the man, ask your man  
Pop it, pop it down, make that ass clap, clap  
Make that ass clap, clap

She's sending me dreams, a... want that  
She said hey boy, you're drinking too fast  
And we can take it slow, you'll never be alone  
She's telling me... lift me up, all you tonight  
Feel that come, all you tonight  
Get me slow, all you tonight  
All you  
All you tonight  
Feel that come, all you tonight  
Get me slow, all you tonight  
All you

If I wanna, I'ma get it, tell the waitress I'm up, quit that  
bullshit, bend that ass down  
Bend that ass down  
All you tonight  
Feel that come, all you tonight  
Get me slow, all you tonight  
All you  
All you tonight  
Feel that come, all you tonight  
Get me slow, all you tonight  
All you.
