How much more can we take now
How much longer can they put us down
It's time to pull the breaks now
Time to get up from the ground

Day after day we run out of patience
We are the wasted generation
We are the ones to bring it back to you

We aint gonna live your lives
Not the way you want us to
Oh, no, this is our time
No suits, no ties, no nie-to-five

Day after day we run out of patience
We are the wasted generation
We are the ones to bring it back to you
(To you)

Bang your head, wake the dead
Maybe tomorrow this will be over
Aim to thrill, shoot to kill and
Do or die
Get it on, hit the road
You've got a lifetime to grow older
Let it out, make it count and
Do or die

It's been more than a decade
Kids growin' up without rock n' roll
Ain't gonna' be another second
It's time to put it back on the wall

Day after day we run out of patience
We are the wasted generation
We are the ones to bring it back to you

Bang your head, wake the dead
Maybe tomorrow this will be over
Aim to thrill, shoot to kill and
Do or die

Get it on, hit the road
You've got a lifetime to grow older
Let it out, make it count and
Do or die

Do or Die, do or die
Do or die, yeah, yeah...

(Solo)

Day after day we run out of patience
We are the wasted generation
We are the ones to bring it back to you

Bang your head, wake the dead
Maybe tomorrow this will be over
Aim to thrill, shoot to kill and
Do or die
Get it on, hit the road
You've got a lifetime to grow older
Let it out, make it count and
Do or die, oh, oh, yeah

(Solo)

Whoa, yeah....
Do or die
