I can't believe its true that you've fallen in love with me

Your eyes are blue your kisses too  
I never knew what they could do  
I can't believe that you're in love with me

You are telling everyone I know  
I'm on your mind each place you go  
They can't believe you're in love with me

I have always placed you far above me  
You know, I just can't imagine that you love me

And after all is said and done to think that I am the  
lucky one  
I can't believe that you're in love with me

Your eyes are blue your kisses too  
I never understood what they could do  
I can't believe that you're in love with me

So they say you're telling everyone I know  
You're thinking of me every place you go  
They can't believe you're in love with me

I have always placed your adearing face far above the  
reach of simple me  
I am so naive I can hardly believe you've been thinking  
of me

So right now when all is sad and done  
Who ever thought we'd be the lucky ones  
I can't believe that you're in love with me

(solo break)

I have always placed you high above the lonely crowd  
I am so naive I can hardly believe  
And I'm going to sing it out loud

So right now when all is sad and done  
Who'd ever thought we'd be the lucky ones

I can't believe that we're in love  
You're the only one that I've been thinking of  
I can't believe its true that you've fallen in love with me  
Oooo, no no no, with me.
