The morning paper is reading like a scroll
Like the headlines from 2000 years ago
Everywhere i look i see the signs
My hearts telling me it's almost time
Chorus
Don't it make you want to go home
Run through those gates and fall in Jesus' arms
And all the cares of this world will be gone
Don't it make ya...don't it make you wanna go home
I can't wait to sit at Jesus feet
To hear him say welcome home to me
I can almost feel his warm embrace
And His nail scarred hands as they wipe my tears
away!
Chorus
Don't it make you want to go home
Run through those gates and fall in Jesus' arms
And all the cares of this world will be gone
Don't it make ya...don't it make you wanna go home
Far away from this world of pain
God's prepared a perfect place
And i can't stop thinking about it
Im so homesick for it
Don't it make you want...don't it make you wanna go
home
Chorus
Don't it make you want to go home
Run through those gates and fall in Jesus' arms
And all the cares of this world will be gone
Don't it make ya...don't it make you wanna go home
Don't it make you want to go home
Run through those gates and straight to heavens
throne
And fall in Jesus' arms
Don't it make ya...don't it make you wanna go home
Yea, yes i wanna go home
Yea, yes i wanna go home
Yea, yes i wanna go home
