Almighty God
Lord of all creation
Ancient of days
The Holy One

So many names
You've given us to call You
But one remains
Your favorite name

Your favorite name is Father
You love to hear Your children calling
You're there to catch us when we're falling
Your favorite name is Father

Almighty God
Lord of all creation
Ancient of days
The Holy One

So many names
You've given us to call You
But one remains
Your favorite name

Your favorite name is Father
You love to hear Your children calling
You're there to catch us when we're falling
Your favorite name is Father

Abba, Father
Holy is Your name
Abba, Father
Holy is Your name

Abba, Father
Holy is Your name
Abba, Father
Holy is Your name

Your favorite name is Father
You love to hear Your children calling

You're there to catch us when we're falling
