Verse1:

Today you're giving your all
You've never trusted like this before
You heard Him knocking at your heart's door
He whispered your name and you answered the call
Now tears of joy fall like rain
They seem to wash away every fear
You feel God's presence so very near
Somehow you know that you're not the same

Tag:

And a brand new life is waiting for you
Starting here, starting now

Chorus:

From this moment on
From here to forever
He will carry you
Safe inside His love
He has promised you
He'll never forsake you
You'll never be alone
From this moment on
From this moment on

Verse2:

Tomorrow questions may come
Those same old questions, those same old doubts
Don't let uncertainty pull you down
God will complete what He has begun

Tag:

There's a brand new life waiting for you

Chorus2:

From this moment on
From here to forever
He will be your strength
When life's troubles come
He will be your joy

In times of sorrow
You'll never be alone
From this moment on
From this moment on

Bridge:
This world may pass away
But that won't separate you
From His love

Chorus2:
From this moment on
From here to forever
He will be your strength
When life's troubles come
He will be your joy
In times of sorrow
You'll never be alone
From this moment on
From this moment on
