I need something to believe in
cuz I don?t believe in my self

I'm sick and tired of getting no where
guess it?ll all work out

And I don?t mind any more
and I don?t mind any more

And I need someone to put my trust in
cuz I aint trusting my self

And I'm scared of failure, so scared of success
guess it?ll all work out

And I don?t mind any more
and I don?t mind any more

Ooohhhhhh yeah

And I don?t mind any more
and I don?t mind any more
