"Never Be Another"

Every breath of air, every grain of sand
Justifies to who You are
And the evidence, that You're magnificent,
Is written in the moon and the stars

Across a million galaxies
The whole world in Your hands
And still You choose to reach for me
And love me as I am

There will never be another one like You, no

In my brokenness I find faithfulness
And peace that only You can bring
In Your perfect strength, there is confidence
With You I can do anything

I live my life astounded by
The way You rescued me
The cross, the grave, the love that saves
The power that set me free, oh

There will never be another one like You
There will never be
There will never be another one like You
High above all others You'll forever reign
Hallelujah, glory to Your name
Jesus, You and only You will never change
Hallelujah, glory to, glory to Your name

There will never be another one like You
There will never be another one like You, oh

There will never be another one like You
There will never be another one like You, yeah

Kings and kingdoms fade away
But Jesus You'll forever reign
There will never be another one like You

There will never be, there will never be...
