I will wait for You, oh Lord
Because You have filled my heart with joy
You lift me higher and higher
You're my one and only desire

You put a new song in my mouth
A hymn of praise to You
All I wanna do when I wake up
Is spend my day with You

You put a new song in my mouth
A hymn of praise to You
I put my feet on the Rock Lord
I put my trust in You, sing a new song
Sing a new song, yeah

I will wait for You, oh Lord
I will wait for You, oh Lord

I will wait for You, oh Lord
Because You have filled my heart with joy
You lift me higher and higher
You're my one and only desire

You put a new song in my mouth
A hymn of praise to You
All I wanna do when I wake up
Is spend my day with You

You put a new song in my mouth
A hymn of praise to You
I put my feet on the Rock Lord
I put my trust in You, sing a new song, yeah

Many will see You and fear You, Lord
Put their trust in You
Many will see You and fear You, Lord
Put their trust in You, yeah

Sing a new song, sing a new song, yeah
Sing a new song, sing a new song

You put a new song in my mouth
A hymn of praise to You
All I wanna do when I wake up
Is spend my day with You

You put a new song in my mouth
A hymn of praise to You
I put my feet on the Rock Lord
I put my trust in You

You put a new song in my mouth
A hymn of praise to You
All I wanna do when I wake up
Is spend my day with You

You put a new song in my mouth
A hymn of praise to You
I put my feet on the Rock Lord
I put my trust in You, sing a new song, yeah, yeah
Sing a new song

I will wait, I will wait for You
I will wait, I will wait for You
I will wait, I will wait for You
I will wait, I will wait for You, yeah
