Visit "[Working Man](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I am a working man,  
I get things done  
Work for the Holy Ghost,  
Work for the son.  
I am a working man,  
Oh yes I am  
I am a special agent of the lamb.

I'm gonna wear your covering  
I'm gonna wear your robe,  
I'm gonna wear your righteous mane  
Wherever I go.  
You're gonna light my candle  
Son your gonna make it shine,  
Your gonna lead me to the throne,  
Brother testify!

I was born in the city  
I was born in the north,  
I was born in the Autumn time,  
Lord only knows what for.  
I was born when leaves turn red  
Born when things were dying.  
But I was born with a big ole mouth,  
Brother testify!
