"A Miracle It Would Be Enough"

That night I cried so loudly as I could
But no one heard me
I touched my skin, but I felt a frozen sweat
As a stone
To save my hopes
A miracle it would be enough

Cold, cold wind
Nobody at home, I hit the dark
Cold, cold wind
Nobody around, I've scaled the walls

I lost my job but I didn't care about this
A time came on
So many days I've been waiting something happens
But no one knows
That I spent my hours
A miracle it would be enough

Cold, cold wind
Nobody at home, I hit the dark
Cold, cold wind
Nobody around, I've scaled the walls
