I'm not sure about tomorrow
Life has few guarantees
But girl if I know nothing at all
Know that I will be
Standing here regardless
Life would bring us the struggle
This won't always be free,
Free of pressure
But come hello words
Know that I will be
Standing here regardless

If the sun just falls from the sky
And if every ocean may dry
Sure the angels know how to fly
Knows that I will
Be standing here regardless
Hey yo, ey,

I can't picture ever more
Don't know what it looks like
But girl if I know nothing at all
I know if you're not there
I'm not going regardless
Life is scary sometimes
And the dark leaves you blind
But when you, when you let your light shine
I can barely see that we can be fine regardless

If the sun just falls from the sky
And if every ocean may dry
Sure the angels know how to fly
Knows that I will
Be standing here regardless
Hey...

If the sun just falls from the sky
And if every ocean may dry
Sure the angels know how to fly
Knows that I will
Be standing here regardless

If the sun just falls from the sky
And if every ocean may dry
Sure the angels know how to fly
Knows that I will
Be standing here regardless
Hey yo, ey,
