Verse

Don't go away from me
Stay with me
That's my only wish,
You're all I have
You're my dream,
you're my everything

Chorus

How can I go on without you,
when I can't live without you
Without you I am Nothing, Nothing, Nothing
I can't stop thinking of you

Verse

Every day that pass by
is a day filled of pain
A pain telling that I miss you
I want you back,
Honey Come back (I'm begging you)
I need you,
you all I have

Chorus

How can I go on without you,
when I can't live without you
Without you I am Nothing, Nothing, Nothing
I can't stop thinking of you

But if you won't come back
please tell me you miss me,
that you still thinking of me
Cause I can't stop thinking of you..
