Now in these cynical times are stereotypical minds  
Got me falling from my pinnacle the minute I climb  
Now these subliminal thoughts got individuals blind  
I'm trying to look beyond the lies just to see what I'll  
find  
I'm like a fly way in a cave another hour in the maze  
I'll cover to the power, my criminal ways  
The sun is shining but I'm catching minimal rays  
It's time for me to bloom out of this childish phase  
My life is like a battle that I'll probably never win  
'Cause I keep thinking big and risking everything  
Life's a challenge and I wonder if I'll ever find the  
balance  
Mixed emotions and confusion topped off with many  
talents

Sometimes I wonder if I'll ever change  
Can I change, will I change or am I always gonna be the  
same  
I blame the world for making me such a freak  
But the world wants to blame it on me  
My life is twisted

Sometimes I wonder if I'll ever change  
Can I change, will I change or am I always gonna be the  
same  
I blame the world for making me such a freak  
But the world wants to blame it on me  
My life is twisted

My fingers pointing in the mirror I'm the one now  
I see my shadow in the sun dial  
Am I really out to change put my freedom in a cage  
Slow down, man I got a son now  
It's nothing new they all said it, and I knew it  
But I had to go through it myself, I'm hard headed  
But that's the only way that I learn  
Get caught in the fire there's no escaping the burn, and  
it burns  
Change this, change that, change is full of lies  
I remain the same, can't wear a good disguise  
Living life looking through my third blind crooked eye

So if I change I'd be changing for the worst wouldn't I?

Sometimes I wonder if I'll ever change  
Can I change, will I change or am I always gonna be the  
same  
I blame the world for making me such a freak  
But the world wants to blame it on me  
My life is twisted

Sometimes I wonder if I'll ever change  
Can I change, will I change or am I always gonna be the  
same  
I blame the world for making me such a freak  
But the world wants to blame it on me  
My life is twisted

I wanna run but if I run I'm only running from myself  
Would it be easier if I was someone else?  
I'm like a child playing with matches that's never been  
burned  
Relearning all the lessons that I've already learned  
On a highway to a destination I've earned  
So many exits but I never bothered to turn  
I'm like a piece of shard glass, laying on the frame  
Of a window that was broken by the bricks of pain  
Sometimes I feel just like the Devil's guinea pig  
He's watching me just to see how deep I can dig  
I admit, I'm fucked up and got a lot to learn  
So I'm dancing in the ashes of the bridges I burn

Sometimes I wonder if I'll ever change  
Can I change, will I change or am I always gonna be the  
same  
I blame the world for making me such a freak  
But the world wants to blame it on me  
My life is twisted

Sometimes I wonder if I'll ever change  
Can I change, will I change or am I always gonna be the  
same  
I blame the world for making me such a freak  
But the world wants to blame it on me  
My life is twisted

Sometimes I wonder if I'll ever change  
Will I  
Will I ever change  
Can I  
Can I ever change  
Will I  
Sometimes I wonder if I'll ever change

But the world wants to blame it on me  
My life is twisted

Sometimes I wonder if I'll ever change  
Will I  
Will I ever change  
Can I  
Can I ever change  
Will I  
Sometimes I wonder if I'll ever change  
But the world wants to blame it on me  
My life is twisted
