Everything is so complex everyday is like a test  
For the obstacles that I'm seem almost impossible  
And I'm thinking, just another breath  
Not a minute left, how long have I been drifting

Pass the glass pipe, hit the flashlight, now I break it  
People say I'm a star, but I still think I'll never make it  
And I'm thinking, just another prayer  
Not a second left, I feel there's something missing

Sometimes I hate that chaos surrounds me  
When all the answers that I seek are around me  
Am I drowning? Am I fading away?  
Or am I living up to all your dreams that made me this way?  
Am I drowning? Am I drowning? Am I drowning? Am I drowning?

I've been to hell and back, looking for the answers to life  
Looking at myself trying to get things right  
And I'm feeling, just another breath  
Not a minute left, I feel the darkness lifting

There was a time that I questioned if I'll ever be all right  
Running getting high, staying tracked by sleepless nights  
And I'm thinking, just another breath  
Not a minute left, I feel there's something missing

I'm running from myself and all the things I don't like  
Living every night like it's the last night  
And I'm thinking, just another prayer  
Not a second left, I need to stop resisting

Sometimes I hate that chaos surrounds me  
When all the answers that I seek are around me  
Am I drowning? Am I fading away?  
Or am I living up to all your dreams that made me this way?  
Am I drowning? Am I drowning? Am I drowning? Am I drowning?

Drowning in the drama, lost in the light  
Trapped by the currents of life, caught in the riptide  
Drowning in the drama, lost in the light  
Trapped by the currents of life, caught in the riptide

Drowning in the drama, lost in the light  
Trapped by the currents of life, caught in the riptide  
Drowning in the drama, lost in the light  
Trapped by the currents of life

Am I drowning? Am I drowning? Am I drowning? Am I  
drowning?

Sometimes I hate that chaos surrounds me  
When all the answers that I seek are around me  
Am I drowning? Am I fading away?  
Or am I living up to all your dreams that made me this  
way?  
Am I drowning? Am I drowning? Am I drowning? Am I  
drowning?

Drowning in the drama, lost in the light  
Trapped by the currents of life, caught in the riptide  
Drowning in the drama, lost in the light  
Trapped by the currents of life, caught in the riptide
