Players, players only love you when they're playing
Players, players only love you when they're playing
Players, players only love you when they're playing
Players, players only love you when they're playing

Players, players only love you when they're playing
Players, players only love you when they're playing
Players, players only love you when they're playing
Players, players only love you when they're playing

No doubt I'm the one your mama warned you about
I'm known for taking ladies home and turning them out
'Cause I've been kissing all the girlies and making
them cry
I'm a wise guy with wits, the opposite of shy

Make your girl's pussy shiver when she looks in my
eyes
So uh, one's for the money, two's for the honeys
Three's for the pimp's players and the playboy
bunnies
Best believe I throw down, ain't no need to slow down

You name the place and the time, find Mr. Shifty at the
showdown
Tearing you up, that's why all the fly girls just can't get
enough
Said I loved you and you believed it was true, that's
hilarious
But your mother should have warned you about guys
like us

I freak, freak y'all, yeah, you know what I'm saying
'Cause players only love you when we're playing

Now players only love you when we're playing
These women, they will come and they will go
And all you players know just what I'm saying
It's amazing just how many girls we know

I know it ain't right but I don't want to change
I've got so many dames, I can't remember their

names

But don't be confused 'cause girls are players too.
So, we're going to tell you about a girl we knew

She was a pretty rebel, a punk rock girl
With a wicked sex drive and the mind of a devil
Like Agent 99, under cover all the time
You want another kiss, you better rack another line

Unique in design, this freak was kind of fine
But she's not the only one, there's plenty of her kind
Ain't nothing funny baby, her game's so tight
She can make the sun shine in the middle of the night

She knows what she wants and she gets it when she
wants it
She knows that you want it and she's got it, so she
flaunts it
So, get up on it, you know the old saying
Players only love you when they're playing

Now players only love you when we're playing
These women, they will come and they will go
And all you players know just what I'm saying
It's amazing just how many girls we know

Only the strong survive, I come alive and hit my mark
The after dark player caper, can't lie, I'm on the take
A heartbreaker tonight, the ladies call me Mr. Right
And others call me a freak, girl, it's okay if you bite

Some like it violent, Mr. Mysterious type
Strong and silent, King player, I cast a hex
Inebriated talk of sex
(Epic, I'm so into you)

Manipulation, I'm talking triple X rated
Sophisticated, I'm game to elevate your mind
An understated flirt, The chemistry's hot
You can't deny, so realize the size of it

I can see it in your eyes, I'd love to touch you, baby
And taste the essence of you, you want to play?
Now, let me hear you scream out my name
Players only love you when they're playing

Now players only love you when we're playing
These women, they will come and they will go
And all you players know just what I'm saying
It's amazing just how many girls we know

Now players only love you when we're playing
These women, they will come and they will go
And all you players know just what I'm saying
It's amazing just how many girls we know

I wanna play
