Now ladies come ladies go out my revolving door
Some ladies never come back most come back for
more

I've got a house in the hills with a door that spins
Goes in and out out and in round and round again

I live a life these player haters would love to be living
Since a kid I've been surround by beautiful women
And slippen' in them to win them the unforgiven
Still something's missing
'Cuz deep inside I'm suffering of a lonely hard
condition

Wishen I could find a girl that would take me away
From the chaos of the city
And then everyday part that I play tell me why lay low
Why say no when I got girls serenading at my window

Ladies good to go we's major league the new breed no
so so
Highly advanced they've got the game to get in any
girls pants
And romance her stone 'cuz I more than hold my own
They call me Shifty Capone I make them moan

Yes I'm the one between the sheets I amaze and stun
Ain't no need for me to brag about the way that I'm
hung
Let's just say I got the skills to get the flyest girl sprung
Or they'd take and make an older lady feel young

Now ladies come ladies go out my revolving door
Some ladies never come back most come back for
more
I've got a house in the hills with a door that spins
Goes in and out out and in round and round again

Now ladies come ladies go out my revolving door
Some ladies never come back most come back for
more
I've got a house in the hills with a door that spins
Goes in and out out and in round and round again

I keep my girls in rotation door rotating
You looking for a good time I'm always on vacation
You could stop by baby if you want to try your luck
But don't waste my time unless you're down to fuck
Unless your coming back for more well then you know
what's up

You know the routine
Girl you're not the one you're just a one night fling
Some ass to hold casanova over over to the right girl
pass
I wonder I could pass and I'll drop this lifestyle fast

'Cuz what I'm really looking for is the one that will last
And make my present past
My adolescence surpassed by the will to chill
I'm looking for some real in a world of fake ho's in high
heels

I'll drop that hot wax on you nipples causing trouble
And when you ride me yo'll be throwing up that triple
double
My sex drives kicking I'm sexually exploring
So many possibilities it seems my life can never get
boring

'Cuz I ain't fucking around I'll run down the right way
I'll rock your world nightly so can I hit it lightly?
Yo girl I like it like that let me hit from the back
I'm a natural aphrodisiac better know as a Mac

Now ladies come ladies go out my revolving door
Some ladies never come back most come back for
more
I've got a house in the hills with a door that spins
Goes in and out out and in round and round again

Now ladies come ladies go out my revolving door
Some ladies never come back most come back for
more
I've got a house in the hills with a door that spins
Goes in and out out and in round and round again

That's alright, now ladies come ladies go out my
revolving door
Some ladies never come back most come back for
more
I've got a house in the hills with a door that spins
Goes in and out out and in round and round again

Now ladies come ladies go out my revolving door
Some ladies never come back most come back for
more
I've got a house in the hills with a door that spins
Goes in and out out and in round and round again
