You got your daddy's money
Your momma's looks
You're always at the parties
Got No time for books
You aint never met a man like me before
Now you had a little of it and you want some more
I can tell that you love it by the way that you screaming
Got your mind the gutter and I know what you thinking
You got your mind the gutter and I know what you
thinking
Got your mind the gutter and I know what you thinking
We gonna start on the floor, go to the ceiling
Got your mind the gutter and I know what you thinking
You used to be skeptic, but I made you a believer
Got your mind the gutter and I know what you thinking
And I aint playing with your feelings
I'm just feeling like playing
You picking up what I'm dropping
With every word that I'm saying
And I know that you getting frustrated
Cuz I've been keeping you waiting
Just let me finish the show
And then we can make for the exit
I can tell that you love it by the way that you screaming
Got your mind the gutter and I know what you thinking
Got your mind the gutter and I know what you thinking
Got your mind the gutter and I know what you thinking
We gonna start on the floor, go to the ceiling
You got your mind the gutter and I know what you
thinking
You used to be a skeptic, but I made you a believer
Got your mind the gutter and I know what you thinking
Let's get it on
Let's get it on
Let's get it on,
I'm gonna turn the music up cuz when the rhythm gets
rocking
The boots get knocking
And if it's good for you then it's good for me
Lets a make Kodak moment, take a picture please
honey
Right to the point, cut to the chase, baby it's now or

never
I got no time to waste
I can tell that you love it by the way that you screaming
Got your mind the gutter and I know what you thinking
You got your mind the gutter and I know what you
thinking
Got your mind the gutter and I know what you thinking
We gonna start in the laundry end in the kitchen
Got your mind the gutter and I know what you thinking
I'm about to give it to ya, show you what you been
missing
Got your mind the gutter and I know what you thinking
I know what you thinking
I know what you thinking
Baby, I know what you thinking
