Chorus

Remember how I kissed your face?
Remember all the love we made?
You touched my heart in such a way
It was like the first day of summer
Looked on the ground and saw the leaves
Then I knew you had to leave
My poor heart just can't believe
It was like the last day of summer

Verse 1

Hey love remember how it was that summer night
You were a little thugged out I was dressed in white
Linen you know the one you always said you liked
Because it was such easy access to my thighs

Chorus

Remember how I kissed your face?
Remember all the love we made?
You touched my heart in such a way
It was like the first day of summer
Looked on the ground and saw the leaves
Then I knew you had to leave
My poor heart just can't believe
It was like the last day of summer

Verse 2

This cruising thing is cool you see
This scene I want you next to me
Body's screaming ecstasy
Hugging, touching, kissing and rubbing ooh...
This time is moving much to fast
Don't wanna let the summer past
Though we knew it would've someday
We never let one moment slip away

Chorus

Remember how I kissed your face?
Remember all the love we made?
You touched my heart in such a way
It was like the first day of summer

Looked on the ground and saw the leaves
Then I knew you had to leave
My poor heart just can't believe
It was like the last day of summer

Bridge
Thinking about it
Thinking about it bout it babe
6x

Verse 3
Hey love it's me again I decided to arrive
Would've called but all these feelings might come
rushing back
Guess what? I'm wearing that white linen dress you like
And now my hands are slowly moving up my thighs

Chorus
Remember how I kissed your face?
Remember all the love we made?
You touched my heart in such a way
It was like the first day of summer
Looked on the ground and saw the leaves
Then I knew you had to leave
My poor heart just can't believe
It was like the last day of summer

Bridge
Thinking about it
Thinking about it bout it babe
6x
