[Greg Nice]
Met the girl from down the hill
She said, "Umm whassup Jack?" Said, "Whassup Jill?"
We can get busy if you're on the pill
How you feel what's the deal girl I'm for real
Li-sten booty and listen good
I should I would if I only could
Jazzy Jill, you're a cutie
See yo' body I see your booty
Jack Lalanne ain't get you fruity
Spankin me up down, givin me a frown
Tryin my best must to act like a clown

Oooh, baby yo' skin is brown
Can we hang out and play the town?
Yo bust it, play the town
I took the booty to the flick on Rolla(?)
It was wack, a bullshit drama
Usher where's the balcony?
Damn my dick is hard baby
Hickies icky make me sick
Next thing you know she was suckin my
Ding-ding-ding-ding-ding don't be so quick
Take it slow, get every lick
YEAHHH BABY!Way to go!
Shot it in her mouth, she wanted mo'
Breath is Scope'n, stop your hopin
She's all mine I got her chokin
Where's my gun, you think I'm jokin?
Motherfucker, all you got is a token
Jill, your moms get skied alone
Pops is drunk so he is gone
Brother's jerkin his dick in the bed
Sister got FORTY LICKS suckin the head
So I swung the ho, I did a stunt
I'm good to go, baby don't you front
Sat her on my lap, put my finger in her cunt
Sat her on my lap, sat her on my lap
Sat her on my lap and put my finger in her cunt
When I finished I smoked a blunt {*laughing*
Ahhhh, D-Square

{sample: "c'mon, hit me" - various uses, repeat to fade
