I'll drink until all my dreams are fulfilled  
It's because I don't care  
I don't share anything  
Anymore!  
I'll puke until somebody gets me thrilled  
I know you think I care for you like no one do  
That's a lie, I'll rather die  
I'll fight until somebody hits me down  
I don't mind the taste of blood, fast beating heart  
Go ahead, just hit me down  
Ahhhhhhhh  
There is no solution so I'll  
Drink until all my dreams are fulfilled  
It's because I don't care  
I don't share anything  
Anymore!  
I'll puke until somebody gets me thrilled  
It's because I don't care  
I don't share anything  
Anymore!
