In your eyes I am awful
Whatever happened to your head
You can not reach 'cause I'm as good as dead
I am a weak one
I do not take part
I don't raise my hand for this brand new plan
Guess I'm not so smart
You jump on my bones now
So I can not walk
You hit my head with stones now
So I can't talk
You even rip my heart out
So everyone can see
The awful mess, the loneliness
That's inside of me
Yeah, yeah, I'm hurt
Yeah, yeah, I'm worse
Best part of it all is that I stand up
And you fall
It's wonderful
Now, yeah
There's nothing to say now
Since I am dead
You killed me so softly
I was easily led
Yeah, yeah, I'm hurt
Yeah, yeah, I'm worse
Best part of it all is that I stand up
And you fall
It's wonderful
