Banging the tambourine
It gives me self-esteem
The crowd screams and shout
They just dance till they break their bones
Oh God, we can play
we turn nights into days
Girls, Chicks, Ladies, Yeah
We're in a band

Oh I hear smashing drums and beautiful distortion
Give me sex, Give me drugs, Give me Rock 'n' Roll!
I wanna be adored
just give me some more
1,2,3,4

Fill the streets tonight with love and neon lights
We sleep with one another, we are young so we don't
bother

We live like everyday is the last day
We're so wrong, we're so gone, we're only 16
We makes guitars cry
We play them till they die
Girls, Chicks, Ladies, Yeah!
We can make you fly!

You know you could be right
'Bout this everlasting fight
Against the time and all the things you like
Just give me that beat
Move your feet!
1,2,3,4

Fill the streets tonight with love and neon lights
We sleep with one another, we are young so we don't
bother

Fill the streets tonight with love and neon lights
We sleep with one another, we are young so we don't
bother
