[ GN ] Yo

[ SB ] Ah yeah

[ GN ] It's 1989 and this is Nice & Smooth

Getti to the part

But yo

Overall

I dedicate this jam

To the beautiful, beautiful

Beautiful ladies of the world

You know what I'm sayin'?

[ SB ] Oh yeah, definitely, definitely

City to city, keep em pretty

State to state

[ GN ] From Cali to New York

Back to Brazil to London

[ SB ] All that

[ GN ] All over...

(I'm gonna give it to ya)

(I'm gonna give it to ya, give it to ya, give it to ya)

[ CHORUS ]

Nice & Smooth

We're here to soothe you

And make you move

And show and prove to you

We keep coming back with more and more hits

[ VERSE 1: Smooth B ]

I met this girl at the French Riviera

She said, "Smooth B, won't you come nearer

And let me kiss your lips and give you a - treat?"

I said, "Baby, listen, I'm not dissing

But I'm not one who goes round kissing

Each and every woman I meet on the - street

I like a girl with some class

(Got a big, big, big -)

Nice and smooth, not a girl that's too fast

Please, take my beeper number, and chill

I'm not ill, I like things at a cool-out pace

It's me and you, not a relay race

You see, I'm not greedy, slow down, speedy

Save those hand-downs for the needy  
I respect you and won't neglect you  
And try my damn best to protect you  
Cause you're fly, girl, so don't play yourself  
Splurging's bad for your health

[ CHORUS ]

[ VERSE 2: Greg Nice ]

Greg Nice, I met this dame  
I like her style, she feels the same  
Is she gaming, merely claiming  
To be my girl, to change my world?  
I don't like to be uptight  
I don't wanna fuss, I don't wanna fight  
She's obsessive, too possessive  
I wish I knew this girl's objective  
I met baby girl when I was on tour  
Gave me more than what I bargained for  
Makes me breakfast while in bed  
She loves to keep her man well fed  
Diplomatic, socialistic  
Baby girl had strawberry lipstick  
It tastes sweet, just like honey  
Said to myself, "Yo, this dip's a dummy"  
Tried to gas me for my money  
Teddy Tedd, she looks like a Playboy Bunny!

[ CHORUS ]
