The clock says it's after 6pm
On a weekday evening
I am thinking about you
And I wanted you to know

I've been lying in bed
Thinkin where will we go
Thoughts run through my head
Wishin time would go slow
As my pen hits the page
And the words start to flow
I wanted you to know

Your names on all of my books at school
I'm just one big lovestruck fool
You are always on my mind
And I wanted you to know

I've been lying in bed
Thinkin where will we go
Thoughts run through my head
Wishin time would go slow
As my pen hits the page
And the words start to flow
I wanted you to know

I want to love you forever (baby)
I want to kiss you forever (lets lock lips)
I want to be with you forever (I'll cause no harm)
I want to hold you forever
In my arms
In my arms

I've been lying in bed
Thinkin where will we go
Thoughts run through my head
Wishin time would go slow
As my pen hits the page
And the words start to flow
I wanted you to know
I love you, I love you
I wanted you to know

That I'll love you forever
