Perfect girl
Wrong place
What can you do to fix this situation?

Infectious smile
Beautiful face
Can't get to close to prevent devastation

One look
Into your eyes
Feels the same as a luxurious vacation

One kiss
Tonight
Proves to you my everlasting dedication

Why do you live so far away?
Why can't you be closer to me?
Why is it that I can't get you out of my mind?
We could be together
If it wasn't for the distance

(If it wasn't for the distance, If it wasn't for the distance)

I love all of our
Late night conversations

I want to run away
With you to far off destinations

We can lay in the dark
And watch the constellations

You'll always have my heart
Free of limitations

Why do you live so far away?
Why can't you be closer to me?
Why is it that I can't get you out of my mind?
We could be together
If it wasn't for the distance
