Is it any wonder  
That she would feel less than real  
When she reveals what is clearer  
In her mirror  
Take a look around her  
Magazines, glamour queens  
Waist-line dreams in her diary  
So inspiring  
Nobody told her that little girls  
Don't have to have the softest curls for love  
So whatever's left inside her  
Is gonna smile wider, shine brighter  
Until she gets pulled under  
Is it any wonder?  
Is it any wonder  
That he's obsessed with what is best  
And nothing less... he's a hero  
With six zeros  
Take a look around him  
His wallet size and what he drives  
Will symbolise how he's made it  
How they'll grade it  
Nobody told him that little boys  
Don't have to have the fastest toys to win  
So whatever's left inside him  
Is gonna keep on tryin' to keep on buyin'  
Until he gets pulled under  
Is it any wonder?  
Will somebody tell her there's a love that can't be  
glamourized  
Tell him there's a hope that won't be downsized  
Someone tell them that the billboards lie  
All the time  
Cos whatever's left inside her  
Is gonna smile wider  
And whatever's left inside him  
Is gonna keep on tryin'  
Until they get pulled under  
Is it any wonder
